Peter Nash
Plant Engineer
SHULTZ STEEL CO.
5321 E. Firestone Boulevard
South Gate, CA 90280

Dear Mr. Nash:

Notice of Violation No. 24322, Violation of Industrial Wastewater Discharge Regulations

Enclosed is a copy of Notice of Violation No. 24322 which was issued to **SHULTZ STEEL CO.** on July 20, 2005 as a result of a violation of requirements established in the Sanitation Districts' Wastewater Ordinance. The nature of noncompliance is outlined on the Notice of Violation along with a required date of correction. This notice was formally received by Teresa Duran-Miller, Administrative Assistant.

Issuance of a Notice of Violation serves as legal notification of a violation of the Sanitation Districts' Wastewater Ordinance. If violations are not corrected the Sanitation Districts will be compelled to take more stringent enforcement actions against your company, which may include petitioning the court for the imposition of civil liability in a sum not to exceed \$25,000 a day for each violation. It is hoped that the attached Notice of Violation will serve to expedite compliance.

Full compliance with your discharge permit requires that your company perform and submit semi-annual Self Monitoring Reports (SMR). This deficient SMR was required because the initial SMR contained a reported parameter that **exceeded** a Districts' limit.

If your company has already sampled and analyzed for all the parameters of the SMR during the period in question, but has neglected to submit the results to the Districts, no further sampling is necessary. However, the appropriate SMR must be completed and submitted along with laboratory results, directly to the Sanitation Districts, attention Enforcement Project Engineer Harry Mehta, immediately.

If this sampling has not been done, your company is required to perform one (1) day of self-monitoring sampling. This sample must be analyzed for all required self-monitoring parameters and the analytical results must be entered on the appropriate SMR form. The required report must be completed and submitted directly to the Sanitation Districts, attention Enforcement Project Engineer Harry Mehta. All current and future SMRs must be submitted during their specific reporting period, directly to the Sanitation Districts, attention Loretta Benites.

Mr. Nash

INSPECTOR ACTIVITY

Include inspection dates, contact name and a brief summary of response.

Inspection Dates: 7/20/05

Contacts: Teresa Duran-Miller, Admin Assistant.

Findings:

As of 7/20/05, no information concerning the deficient SMR for the period 7/01/04 to 12/31/04 was submitted to LACSD. As a result of a lack of response from the company, Violation Notice No. 24322 was issued for 215 – any person failing to file any form, statement as required by the Los Angeles County Sanitation Districts.

Teresa Duran-Miller, Admin Assistant intends to contact the consultant and check on the progress of the deficient SMR. Duran-Miller intends to have the information immediately processed and then submitted to LACSD.
